

It is with deep regret that we are called upon to chronicle the death of C. N. Gibson. Death came Friday morning at 8:20 after a few weeks illness. Charlie has been in delicate health for three or four years. His death was due to heart failure caused by a general breaking down of the system. The World extends sincere sympathy in this sad hour of bereavement. Owing to lack of space we cannot give full obituary, but will do so in our next issue.

## To the Voters of Trego County.

The legislature of 1900-01 appointed a commission to draft a tax bill, which will be presented to the next legislature for approval or rejection.

The Fusionists are using as an argument against my election, a statement that I will vote for the enactment of this measure.

I desire to say that since reading the provisions of the proposed law as prepared by the commission, that I do not believe it would prove satisfactory, and if I am elected to represent the people of Trego county in the next legislature, I shall vote and use my influence against said bill.

Hoping this statement will allay the anxiety of the opposition on this question, and assuring the voters that if elected I will at all times have their best interests at heart, I am

Very Respectfully,

A. B. JONES,

Republican candidate for Representative, 104th district.

## Johnson-Dann Nuptials.

Elkins (W. Va.) Inter-Mountain, Oct. 23.

A very quiet, though beautiful wedding, was that of Mr. Lewis P. Johnson, of Washington, D. C., and Miss Margaret E. Dann, daughter of Mr. and Mrs. W. H. Dann, which was solemnized at the bride's home on Elm street, at high noon yesterday. Only the immediate friends of the contracting parties were present. Rev. J. A. Thompson of Beverly was the officiating minister. The parlors of the pretty home were artistically decorated with laurel and white chrysanthemums and pink carnations, forming the monogram "J. D." The bride's gown was of white embroidered mull, and she wore a tulle veil and carried a shower bouquet of bride's roses. The maid of honor, Miss Ethel Dann, the bride's sister, wore a gown of silk mull over pink, and carried a bouquet of pink roses.

After a wedding breakfast at the bride's home, the happy couple left on the 2:30 train for Cincinnati, Ohio, and after a two weeks' stay in that city and Covington and Newport, Ky., they will return to Washington, where they will make their future home, at 80 Q street northwest. Mr. Johnson is an employee of the War Department.

## Dr. M. Jay Brown.

Eye, ear, throat and nose surgeon, of Salina, will be in Wa-Keeney, Saturday, November 1st, 1902, at American House.

We were the recipient of cards this week announcing the marriage of Miss Margaret Elizabeth Dann to Mr. Lewis P. Johnson on October 22nd, at the home of the bride in Elkins, W. Va. Miss Bessie as she was known here is the oldest daughter of Mr. and Mrs. William Dann who resided in Wa-Keeney for a number of years. It seems only a short time ago that when we look back and remember Miss Bessie as a little bright-eyed school girl and it is indeed hard to realize when we pause and think that the boys and girls of yesterday are the men and women of today. Her many friends with the World wish her much happiness.

It is the duty of every American citizen to cast his ballot on next Tuesday without fear or favor.

Every vote cast for Ike Purcell is a vote to keep down taxes and a credit to the good name of Trego county.

Vote for A. B. Jones for representative. He has done more for the old soldiers than any one man in Trego county.

The political situation in Trego county looks brighter today for the Republican ticket than it has for the last six years.

Let Trego county add her might to the Republican majority on Tuesday next that will be cast over this young republic from ocean to ocean.

There has not been a Democrat elected in Trego county for the last eight years but that the Republicans elected him. It is time to call a halt.

Vote for W. A. Reeder, candidate for Congress of the 6th district. A man who has served you for four years in congress and can accomplish more for the people than any man you could send at this time as he is well posted in the work and has the reputation of being one of the hardest workers in the house. W. A. Reeder is a man that knows no defeat. He was never beaten in his life. Last April at the convention at Norton when the combined forces organized the convention against him, he took things very easy and on the second day when the combined forces were sleeping—and just as old sol had come to light—he marshaled his forces and went forth to battle and had his nomination safe when his opponents got up. You can see what a hard worker he is and each vote cast for W. A. Reeder is a vote in 1904 for our distinguished soldier and statesman—Theodore Roosevelt.

## THE CALL FOR REEDER

And a Few of the Many Reasons Why the Call is for Reeder.

The Beloit Call, the largest and most influential Populist paper in the Sixth district, comes out for Congressman Reeder. The Call says:

No doubt many of the readers of the Call will be surprised to read the head of this article, but it is a fact nevertheless. This paper wants Reeder to succeed himself as representative of the Sixth district in Congress, and what's more we believe he will succeed himself. This paper is for Reeder:

First—Because he has made the best representative of the Sixth district ever had in Congress.

Second—Because the writer personally knows that he represents the whole people regardless of politics, and no power on earth can persuade him to deviate one iota from that which he sees to be right—he has been tested and was found not wanting—this is no hearsay, but we know whereof we speak.

Third—Because he is in every sense a western man and has made a success of business life from the ground up and no man can truthfully say that "Bill" Reeder ever did a dishonorable act.

Fourth—Because he is chuck full and running over with native honesty.

Fifth—Because he does things for the people of his district without reference to politics, and is aggressive and fearless in his advocacy of any measure that seems good for the western people.

Sixth—Because no man in the House of Representatives today stands better with his fellow congressmen and the influential men of the nation than Hon. William A. Reeder of Kansas.

Seventh—Because he is a man of no bad habits.

Eighth—Because of his devotion to the old soldiers of the district and his record on pensions, which record alone ought to win for him the vote of every man who wore the blue.

Ninth—Because of the irrigation bill which is now in force, and which will reclaim millions of acres of sem-arid land and enable tens of thou-

sands of farmers to secure for themselves happy and prosperous homes where crop failures are unknown.

Tenth—Because he is built on a broad and unselfish plan that many other men in public life might well emulate, and because a member of any political party on earth will receive a favor at his hands just as readily, and be accorded the same courteous, polite and gentlemanly treatment, as a member of his own party.

Eleventh—Because he is not an experiment and has been in Congress long enough to be of use to the people of his district, and if he is retained there—and he will be—he will continue to be something more than a mere ornament.

We might go ahead and enumerate a hundred other good reasons why the Call is for Reeder, but the ones here stated are the principal ones, coupled with the fact that he is our friend—and we are proud of it. With the exception of congressman the Call is supporting the fusion ticket, and while perhaps we may be criticized by a few partisans for taking this step, it is the way we feel about it, the way we are going to vote, the way we want our friends to vote, and we are not so bound by any party ties that we do not reserve our right as an American citizen to advocate the election of any candidate whom we see fit regardless of the title of the column where his name appears on the official ballot. The fact that Mr. Reeder's name appears in the Republican column does not hurt him; this will not bar Populists and Democrats from voting for him, and if we have our way about it—and we believe we are going to have it—Mr. Reeder will be elected by an overwhelming majority.

In last week's issue of the 2x4 sheet on the corner the county clerk takes us to task and makes a long story out of our article. The main charge against the county clerk is this: By what authority did he ignore the action of the commissioners when they ordered him to submit the county job work to the Independent and World? In his article he says that the granting of the job work was not let to him. He admitted to us that the commissioners had ordered him to let the job work to the lowest bidder, but in his article he denies it. The commissioners say they so ordered it and the county clerk, therefore, tells a barefaced lie and he knows it. What kind of a fellow is this man Phares to admit a thing and then rush into print and deny it. But what can you expect of a man who is so narrow contracted that he would go out of his way to beat us out of a \$1.50 job. We can prove this assertion as he tackled almost every one who had a school land proofs to be published and asked them to have them published in his party paper. This was prior to the change in the management of the Independent. The county clerk says he has always treated us right. It might seem right to him but we object to him using his office as an advertising bureau for his party. Yet this man says he has never done anything against us. He says the trouble with us is that we did not get the printing of the ballots and that our bid was the highest. We admit our bid was the highest—about 4 per cent higher than the Morland printer's bid.
